LIFE IN A JAR:

The Irena Sendler Story

Each year the Eva and Hermann Gruenwald Holocaust Education Fund sponsors a project that reflects their commitment to bringing Holocaust education to present and future generations. This year we are pleased to present a program that brings to light the story of Irena Sendler, a Polish Christian woman recognized by Yad Vashem as *Righteous Among the World*, who between 1942 and 1943 helped save 2,500 children in the Warsaw ghetto.

This is an extraordinary and unique theatrical presentation by students from Uniontown, Kansas, whose aim is 'Tikun Olam', to help repair the world. Join us to see how they have met their classroom motto; "He who changes one person, changes the world".
